**Required book for class:**

*Our Country's Presidents: A Complete Encyclopedia of the U.S. Presidency* by Ann Bausman.  
 National Geographic. 2017.  
 ISBN 978-1-4263-2685-1

Used copies are fine, but be sure to get this edition, as it is republished every four years to include the latest President.

Students will also need at least one book or documentary video about a President or related topic, as well as other resources for the projects. Students may get these from the library, if available to you, or use websites, with parental permission.
